

Impact 2014

A Feminist Approach to Health Care

For over 40 years the Emma Goldman Clinic has been a leader in the provision of reproductive health care, both here in Iowa and nationally. We continue to have an IMPACT on the women we serve.

Who We Serve

The Emma Goldman clinic sees clients from every community in Iowa and the surrounding states. We provide affirming health care for individuals with diverse expressions of gender and sexuality, with a particular focus on women.

What We Do

Who We Reach

In FY 2014 we provided abortion provider training for residents. We also train medical, nursing and social work students. The clinic provided outreach and education through tabling events, community and organizational presentations.

Our website saw over 150,000 page visits. We are active and present on 6 social media sites.

How We Get The Job Done

100% of our fundraising goes toward providing the deProsse Access and Kretzschmar Education Funds. The deProsse Access Fund subsidizes services for low income clients. The Kretzschmar Education Fund provides outreach and services to marginalized and traditionally under served populations.

The Emma Goldman clinic is a 501c3 not for profit organization. Your financial donation is tax deductible and greatly appreciated.
